

## Application for Registration

### Registration Process:

- The school accepts children starting from pre-school. Entry is possible at any time during the school year.
- The children do not need to be already bilingual. The school is designed to allow monolingual children to become multilingual.
- After sending the application, we kindly request you to arrange a meeting with us together with your child (ideally with both parents present). We are also available on Saturdays and early evenings after school.
- During the meeting, we will give you a detailed explanation of our pedagogical philosophy and answer any questions you may have. We will also have a talk with your child to confirm his or her interest in the school. After the meeting, we will be able to sign the definitive registration which will take effect on payment of the deposit.
- Definitive entry to the school is subject to payment of the first school fees.

### Application for registration

Surname: ..... Child's name: .....

Child's date of birth: .....

Desired start date: .....

Language(s) spoken by the child: .....
